Wrist AS - ATLAS North America LLC

--

Hi Martin,

We have met each other last year in November. I am the patent guy from ATLAS GmbH in Germany.

I just want to tell you that we have filed your patent application. I have attached the corresponding documents.

You will also find an assignment of the application to assigned it to ATLAS NA. May I ask you to sign it, scan the signed paper and send the scan back to me, please.

Thanks a lot.

Thorsten
